LIVING WELL OPENS ITS TIBURON OFFICE IN MARIN COUNTY, CA

Tiburon, CA – August 3, 2011 – Living Well Assisted Living at Home, a pioneer on alternative senior care, is very pleased to announce the opening of its Tiburon Office in Marin County.

Living Well has been working in the San Francisco Bay Area offering specialized care for adults with chronic and debilitating conditions — like Alzheimer's, Parkinson's, and ALS — that compromise their ability to live safely in their homes. The new office in Tiburon will further enhance Living Well services in the area, its relationships with this community, and will bring the Living Well team's expertise even closer to its members.

"We saw a need and an opportunity to bring the Tiburon-Belvedere area a local support resource," said founder and president, Doris Bersing. '...With our new office, we'll be able to provide our clients more of the personal customer service Living Well is known for...' Dr. Bersing adds '...as the needs of the senior population grow more complex — especially when there is loss of memory or mobility — you search for meaningful and manageable solutions. And — as you understand the value of staying at home, the power of autonomy and the importance of community to longevity and health — you seek a new model for elder care...Living Well offers that model"

Living Well's new office is located at 10 Beach Road, Tiburon, CA 94920 by the Tiburon Boardwalk. The announcement of the new office comes on the heels of multiple accolades in honor of Living Well's fast growth and quality services. Living Well was selected in the Funding Post's Across America Competition as one of the Top 50 Emerging Companies! This selection certainly provides validity to their concept of care, their market, and business model. Living Well creates a safe and nurturing environment while allowing for independence and dignity for seniors and adults and offering peace of mind to the adult children and family members.

Living Well looks forward to continuing their rapid growth in the Tiburon/Belvedere area, while maintaining the high quality of personal, comprehensive, and professional service they already provide to their members.
